The Power of OneSource

Product Lines You Need,
Value - Added Services That Lower Your Total Costs

In the early 80's we set our sights on an ambitious goal: earn the position as the **onesource** of electrical, and automation products for our customers. We secured the leading industry product lines, and we also developed a suite of value-added services that **lower your total supply chain costs**, powered by our outstanding eCommerce capabilities.

So when you're looking through this line card, keep in mind that you are dealing with a supply chain solutions provider that does more than just get products to you. Our suite of value-added services maximizes your productivity and lowers your total costs. Our team sees to it!

The Power of OneSource
Performance and visibility for your supply chain

OneSource eCommerce Capabilities www.1sourcedist.com

Order Options

Search

By product category, keyword, description, and mfg part number, your part number and select for the cart

Phone Order

Call our 800 number or your local branch contact (on back page)

Fax Order

The old standard

Online Order

Choose items and quantities and see your specific item pricing

Email Order

Send an attached order file and our system will strip it out and enter it

Order Pad

Great timesaver. Our system will calculate frequently ordered items for you and can add your own new items as well. Then just enter quantities!

EDI Order

Generate orders from your system to our system using electronic data interchange

Custom Catalog & Punchout

Your system can "punch out" to ours for product information for your e-sourcing application

Manage Your Account

Track Order Status
